GRIFFITH FAMILY
Foundation
SIDELINE
CANCER

Together We Can
Sideline Pancreatic Cancer

To Whom It May Concern,

*We at **The Greg and Cathy Griffith Family Foundation** are proud to be pursuing Greg's dream. In reference to Greg's last speech, he talked about bringing people of all age groups together to transform the outcome of pancreatic cancer. That said, all of our friends and supporters have been an integral part of fulfilling Greg's legacy and dream.*

*We are a non-profit organization, EIN #45-2815505, with a mission to offer hope for those in need, connect patients, families, and communities, and raise awareness to fund a cure for pancreatic cancer. Proudly, our Sideline Pancreatic Cancer youth initiative is the **ONLY** pancreatic cancer campaign that inspires our worlds' youth to use their philanthropic and entrepreneurial fundraising ideas to transform the outcome of pancreatic cancer.*

From 2010 to 2019, our Griffith Family Foundation has donated \$290,000.00 to the research efforts of Dr. A. James Moser, BIDMC Harvard Medical School. By providing donations, it not only benefits the foundation toward research funding but with alleviating expenses and continuous exposure to our ongoing fight!

We encourage you to donate in any capacity. Our gratitude extends to you for offering your support. Please feel free to contact me personally at 814-937-1082 for questions regarding our foundation.

Together WE CAN SIDELINE PANCREATIC CANCER!

Believe Always,

Cathy Griffith
