To Whom It May Concern,

*Jordan Griffith
Executive Director*

We at The Greg and Cathy Griffith Family Foundation are proud to be pursuing Greg's dream. In reference to Greg's last speech, he talked about bringing people of all age groups together to transform the outcome of pancreatic cancer. That said, all of our friends and supporters have been an integral part of fulfilling Greg's legacy and dream.

We are a non-profit organization, EIN #45-2815505, with a mission to offer hope for those in need, connect patients, families, and communities, and raise awareness to fund a cure for pancreatic cancer. Proudly, our Sideline Pancreatic Cancer youth initiative is the ONLY pancreatic cancer campaign that inspires our worlds' youth to use their philanthropic and entrepreneurial fundraising ideas to transform the outcome of pancreatic cancer.

Since 2010, our Griffith Family Foundation has donated over \$300,000 to support pancreatic cancer research efforts and patients. By providing donations, it not only benefits the foundation toward research funding but with alleviating expenses and continuous exposure to our ongoing fight!
